FOCH PREPARING TO HIT BACK JOHNSON FLAYS GAG RULE

"BE READY TO GIVE ALL"—MESSAGE OF UNITED STATES SENATOR PHELAN

United States Senator James D. Phelan has sent a message of ringing appeal to every Californian, regarding the Third Liberty Loan. It follows:

Liberty Bonds must be sold by the Government and every true American able to purchase them must do so until German autocracy shall sue for peace and her militarism be forever crushed. The greatest obstacles to the early success of the war are the indifference of a part of the people and the utter lack of patriotism of many together with the self-confident optimism of a majority that the war is as good as won. Never was there a greater mistake. The contest will not be won until America puts forth her strength in man power and billions of dollars. The principles upon which the nation rests are at stake and no American can afford to falter in their defense. Every American citizen must learn the lesson of sacrifice for the war may last for years. The head of every family in America should purchase Liberty Bonds. Every child should be the possessor of war savings certificates. Shun the slacker and treat every traitor as a traitor. Utah will not fall in her duty.

GEN. FOCH PREPARES TO STRIKE BACK

WASHINGTON, April 4.—While the Anglo-French forces are holding the Germans in Picardy, General Foch is reported in dispatches received here today to be preparing to strike, probably at another point of the line. All along the western front the big guns of the contending forces are reported in use. This bombardment presages another effort to break through by the Germans, it is believed by army officers here, but there is no apprehension as to the result. Rather the interest here is in what the allied forces will do now that they are under the supreme direction of one man.

LONDON, April 4.—Erzerum, the principal city of Turkish Armenia, is reported in an Exchange Telegraph dispatch from Moscow, to have been recaptured from the Turks by an Armenian corps, aided by a detachment of Armenian volunteers.

PRESIDENT WILL ANSWER "PEACE DRIVE"

WASHINGTON, April 4.—President Wilson will answer Count Cernin's peace talk with assurance that America "will fight to a finish."

This was clearly indicated by administration authorities today, who stated that "all peace talk now is 'take'."

"Feelers" of the Austrian minister of foreign affairs will be met by an emphatic war message when the President speaks in Baltimore Saturday night. He is now preparing his address.

SEN. JOHNSON FLAYS ESPIONAGE BILL

WASHINGTON, April 4.—Senator Hiram Johnson of California struck out with both fists this afternoon at the administration bill making the espionage act still more drastic. In a vigorous speech in the Senate he openly charged that the bill was "not a measure to prevent enemy activities, but a measure to suppress the freedom of the press in the United States."

"I never could and I never would vote for such a bill as this," the Senator declared. "I was astonished when I read it."

"This bill is not to punish disloyalty," he said vehemently, "but to suppress the freedom of the press and prevent one from presenting legitimate criticism of the present government or administration in the prosecution of the war. Not only would it suppress the press and make it subservient to those in power today, but it would even prevent you from thinking as you wish to think."

RUSSIANS DEFEAT TEUTONS AT ODESSA

PETROGRAD, April 4.—Ukrainian and German forces, seeking to recapture Odessa and Nikolaijev were repulsed, it was announced here today. The Russo-German fleet, headed toward Odessa, was driven back by the Russian Black Sea fleet.

Turko-German forces have been thrown back thirty-nine miles from Batum, it was announced. Likewise they have been driven back from Erzerum-Kars line.

\$7,500,000 FIRE RAGES IN KANSAS

KANSAS CITY, April 4.—Fire that started at 6 o'clock tonight in the wholesale and manufacturing district of the West Bottoms, and said to be of incendiary origin, has done property damage estimated at \$7,500,000 by 9:30 o'clock.

At that hour the flames, driven by a stiff gale from the northeast, were not yet under control and at least fifteen buildings in the section bounded by Ninth street on the north, Union avenue on the south, Santa Fe street on the east and Hickory street on the west, were ablaze. The entire fire fighting force of Kansas City, Mo., and Kansas City, Kan., are battling the flames.

Dynamite was used to destroy structures in the path of the fire in an effort to check it and keep it from making further inroads on the wholesale manufacturing houses lying to the west and south of the fire zone.

BLOG. TRADES COUNCIL PLANS BALL GAME

The Building Trades Council held a busy and interesting meeting last night. A letter was received from the Chamber of Commerce relative to the huge service flag planned. The council endorsed the movement and recommended the locals to contribute their share.

The council will participate in the Liberty Loan parade tomorrow evening in a body. Mayor Lane was appointed to represent the council as their speaker on the platform.

Business Agent Heckman turned in a lengthy report on his activities in the past month as business agent and reported the work of organizing to be going ahead very nicely.

R. L. Goodwin, the delegate to the Red Cross entertainment committee, made his report and suggested that the council do something to swell the funds of the Red Cross. On his advice the famous Building Trades baseball team will be revived under the captainship of J. C. Thornton and will challenge any and all teams for a game of ball for the benefit of the Red Cross.

The Barbers' Union also had a meeting and disposed of much business, besides acting on two applications.

Republicans Lead in Local Registration

The following interesting list showing the registration and relative strength of the various political parties in Richmond was compiled by City Clerk Paris from the registration for school election in the Richmond school district, which closed April 3, 1918.

Registration for the City of Richmond follows:	
Republican	2261
Democratic	1346
Socialist	225
Progressive	27
Prohibition	75
Independent	30
Non-partisan	35
Declined to state	260

Total 4259
Men 2234
Women 2025

Total 4259
The election will be held early next month, when one member for the Board of Education will be elected.

So far there are only two candidates in the field, J. O. Ford, to succeed himself, and Mrs. H. A. Stiver, prominent club woman.

There is talk of another woman candidate, but she has not taken out a nominating petition yet.

Mrs. Arnold, the owner of the building occupied by the Point Richmond postoffice, claims that she paid for the improvement herself and objects to the statement made that the Point Richmond Club paid for it.

WOMEN SWING IN LINE FOR BONDS

Mobilized Women To
Canvass Entire
City

The Mobilized Women met at the Richmond Club yesterday afternoon to receive their orders and literature for their campaign in the Third Liberty Loan, for which they will begin working next Monday.

Colonel Mrs. J. C. Owens presided at the meeting, with all majors, captains and their lieutenants present, who apportioned the work so that every block in Richmond is under the direct care of one certain woman. C. J. Carey of the Liberty Loan committee made a splendid talk to the ladies, emphasizing on the need of money by the government and outlining a plan of action. Talks were also made by Mrs. C. S. Gibson on the Mobilized Women's share in helping to win the war. Mrs. Kate Smith outlined the work done in the last Bond campaign, and forcefully inspired the ladies to "Forget everything else but country, and to do their best."

Red Cross Work Progresses Nicely

The work in the local workrooms of the Red Cross Chapter are progressing very nicely. There are over thirty women present every day to make up surgical dressings and other Red Cross goods.

Five large boxes of material was sent away the early part of this week, which comprised surgical dressings, knitted goods and pajamas.

Over \$40 was realized on the fancy quilt that was raffled off at the West Side work room. A fine hand-made flannel collar is up for sale now and a goodly sum is expected from that.

Home Guards Drill And Plan Events

The Richmond Home Guards met in the basement of the City Hall Wednesday evening and held their regular weekly meeting and drill. There was a good attendance.

The Home Guards will not turn out in uniform and in a body in the parade Saturday, but will, instead, march with their respective employers' units.

They are to hold a social night next Wednesday, when there is to be a big feed and smoker. There will be target practice April 14 out at Shrimp Camp.

Mendelssohn Club Has Fine Meeting

Reminiscences of school days were related by the members of the Mendelssohn Club, at their meeting yesterday afternoon at the home of Mrs. R. G. Lee, 31 Idaho avenue.

Many were the stories that were amusing, still others pathetic, but all were very interesting and so a pleasant afternoon was enjoyed.

Mrs. J. Gerlach and Mrs. R. G. Lee turned in their report on the convention of the State Federation. The plan to build a Farleigh Home for our boys "over there" was received very enthusiastically and action will be taken on it soon.

There will be an election of officers at their next meeting at the home of Mrs. H. A. Stiver, 135 Thirteenth street.

Miss Winifred Conwell returned home yesterday from a few days' visit to Mount Herman.

RUSS ASK MARINES TO REBEL

POKIO, April 4.—Twenty Americans who have just returned from Vladivostok, brought with them a printed 1500 word Bolshevik appeal which they say is distributed among allied sailors on shore leave there. The appeal reads in part:

To sailors and marines—If you are commanded to shoot to kill in Vladivostok, you will be shooting your fellow workers who, wiser than yourselves, are struggling to shake off the yoke of economic and social bondage.

If we win here, the workers of the whole world will win and this damned earth must be won for the toilers. Ours is a government of the poor, by the poor and for the poor.

The bloody German imperialists are fighting us in the west and they threaten us in the east. If we do not surrender, your machine guns are turned on us. Will you do it? We are not alone. Thousands of Socialists rebels in the jails in America and England plan their hopes on us. Will you be your masters' tools?

1500 STARS IN CITY'S SERVICE FLAG

The huge service flag with 1500 stars, to be erected over Macdonald avenue, is nearing completion and will in all probability be put up tomorrow evening.

The donations and contributions from the various fraternal organizations and unions have been coming in so that sufficient funds will be realized to pay for same.

It is to be a 30x12 foot flag, with huge stars representing the approximate number of boys who have left from Richmond. The idea originated with Captain Long of the Home Guards, who is also military chairman of the Chamber of Commerce. The plans for it were made by City Engineer Chapman, while the actual making of the flag is done by the seamstresses of the Pullman Company.

Improvement Club Hears Rev. Boyer

THE SOUTH RICHMOND IMPROVEMENT CLUB met at the home of Mrs. C. R. Blake, 308 Ohio street and had a very interesting meeting.

A very satisfactory report was made by the building committee and in the near future the church will be able to meet and hold their social affairs there.

Rev. Boyer gave a very interesting and patriotic address to the ladies. Following the business session delicious refreshments were served by the hostess.

The next meeting will be at the home of Mrs. W. L. Lane, 219 South Fifth street, next Wednesday.

Youthful Chicken Thieves Caught

On the persistent complaints of residents in the Twenty-second street district that chicken thieves were active around there the local police got active and managed to apprehend the wily thieves.

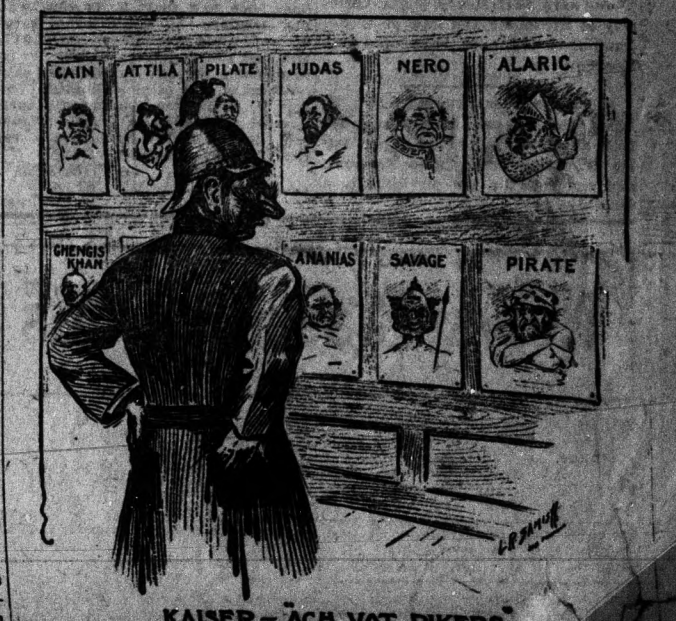

They were William, Edward and Randolph McNeill boys, the sons of McNeill, the dairy man, and Edward Inman. They were caught while depositing some of their latest acquisition in the chicken shed of a vacant house in Pullman, where they had stored the fowls they had gathered together, and later sold.

They were taken up to Martinez yesterday and will be brought before the juvenile court.

Private R. E. Bushnell, well known Richmond printer, is at Kelly Field, Texas, with the aero service as truck driver. He writes the following note to H. C. Brombacher: "We are having some tough drills, and also some good times, but can't leave camp. We would like to have some newspapers from home once in a while."

All school teachers in the county are requested to take an interest, and get the larger boys under them to pledge a reasonable amount of help in this patriotic move. In this connection the following is printed, coming from Food Administrator Hoover, as being pertinent in connection with the help here asked from the school boys. Sunday school

The Home Guards have already pledged their services, and are going to drill with hose as well as guns. Captain Long is enthusiastically in line. Each and every civic society and lodge is asked to appoint a committee to this War Garden Regiment, and send the names to Secretary Ames. Please do this at once, as time is precious now, every hour of it.

At the meeting Wednesday night the editors of all the county papers were elected as members of the board, and are requested to tell their various constituencies about it. Also all county officials were elected, and are asked to take an interest. The following Richmond citizens were al-

MRS. METCALF'S CLAIMS

PERSECUTION

Mrs. Eugenia Metcalf claims that she is being persecuted as a result of her discharge from the employ of the California Cap Company after one day's work.

She had received letters from persons unknown urging her to warn Mayor Lane and J. B. Baldwin to refrain from patriotic utterances. Her claim is that the Richmond police were responsible for her discharge.

PATRIOTIC PARADE

Every man and woman in town is urged to take part in the patriotic parade on Saturday evening, forming on Macdonald, near First, at 7 p. m. Carry an American flag. Owners of stores and buildings are urged to decorate, or at least show their colors.

Sergeant C. C. Yenne of Company K, 15th Infantry, writes to Secretary Annette of Richmond Lodge of Elks, of which Yenne is a member, and states that he is now doing physical culture work on what he calls a very "soft detail."

Sergeant Yenne says that Henry Hulla, formerly of Richmond and now of El Segundo, visited the boys at Camp Kearney.

Word has been received by A. H. Ponce that his son, Tom Ponce, has been advanced to corporal, April 1st. He is stationed at Camp Fremont, and has been in the service only a month.

JUDGE ROTH EXPATRIATES ON HOME REAL TAXATION

Richmond, Cal., April 4, 1918.
California Development Board, San Francisco, Cal.
Gentlemen:

In reply to your general letter of inquiry regarding the untitled lands in my district, which might this year be cultivated, if proper credit be extended to the owners, will say that there is no such farming planned in my district. All lands are staked out into town lots as far as the eye can reach in all directions—and then, some arrangements are pending to cultivate these idle lots, but their owners are scattered out to such an extent as to make Government loans thereon impracticable.

Your letter of inquiry is therefore fully answered as to my district, but I will answer the real object of your mission, to wit: Cultivation of our idle soil, and offer a remedy therefor in such a way that you may not even care to read or consider it, but here goes, anyway.

Your remedy (Government assistance) is well meant, and probably is the best that can be done to get necessary and timely results. Yet in the long run, in my judgment, your efforts in that line but aggravate the depressed disease you are trying to cure. Government statistics show that more than 25 per cent of the California farmers have changed from owners to tenants in the last five years, which proves, positively, that small farms are unprofitable and that the Government is seeking to bolster up a business (with public credit) which is not self-sustaining, with normal prices, and therefore must end in failure in the long run. To find a real remedy, I will state another fact which is indisputable and might furnish the key to unlock the mystery and make clear why small farming in California is unprofitable. That fact is that thousands and thousands of farmers of the United States are every year leaving their unprofitable farms and migrating to Canada to engage in farming there, where it is proving profitable. Let us compare for a

minute the natural resources and possibilities of California for real farming with that of Canada. Statistics show that but one-sixth of the arable lands of California has ever been touched by the plough, said lands being practically level, with a soil as rich as any on earth; with plenty of water now running to waste to irrigate every acre of it; with a climate to produce and mature every known plant from those of the icy regions of the North to those of the equator, as well as on their own native soil. Here lies the virgin soil in all richness and purity, ready for the plough; no clearing of timber, brush or rocks; in a climate unequaled on earth; neither sunstroke in summer, nor ever so cold but what a man can work in the open, comfortably, every day in the year, except when it is raining.

Our land produces the finest oranges, lemons and fruits of every description; every kind of grain, cotton, rice, vegetables and garden produce. In fact everything that grows anywhere, to absolute perfection.

The Panama Canal, now open to commerce, will insure a market for our farmers, which will be found necessary to rehabilitate the present war-torn world.

Yet those horny-handed farmers pass us by on their way to the snowy and ice-clad regions of the north land, where two-thirds of the season is winter and where nature is so stingy that the farmer is confined to but a few products that will flourish in that cold, hard and harsh climate. The reasons for such a choice are plain to those who make it. Those Canadians took their cue early from the Australians and New Zealanders. They wanted farmers to till the soil and they advertised to the world the fact that no farmer should be penalized for coming there and improving Canadian soil; that all taxes should be levied on land alone and that no man should be penalized for building a house, barn, shed, fences, or for planting anything, or for raising horses, cows, pigs and chickens, or for anything produced by the hand of man. In other words, they offered inducement for men to come there and make that country produce to its full capacity by permitting them to hold for their own use everything produced. Land alone was taxed, and that was taxed the same

whether cultivated or idle. Labor or its products were not taxed. Therefore, labor was induced to produce to its utmost. Land paying all taxes, no man could afford to hold it idle, and so long as men are not penalized for cultivating the soil, it will be cultivated. And the more of it that is cultivated, the greater the prosperity in every line of business.

The California Development Board has a noble mission. Its executive committee are illustrious men. I know some of them personally. Yet I feel that their efforts are based on a misapprehension of the true condition. In other words, they will find later that they are now "barking up the wrong tree." I am a Single Taxer, yet I am not one of those who want to take all of the rental value for public use. That would be confiscation and downright robbery, and would only be tolerated by the widest-eyed Anarchists. There is a middle ground, however, such as is in operation in Canada and other of the English colonies, where it is working to perfection. For local purposes, it is now in force in the irrigation districts of this state. One statement can be truthfully made in its favor, that is that there is not a spot on the earth's surface where the Single Tax has ever been tried where the people went back to the old system. So much for breaking up the large holdings into small farms for the good of our state, commercially.

Just one comment as a natural right; that no man should be penalized (taxed) for that which he produces with his own hands, is a maxim so true that it has never been denied by an honest man since the foundations of the world were laid.

I represented three counties in the Legislature of this state in 1887 and 1889, and paid taxes in my county as a farmer, amounting to as much as \$1,600 a year, and if my reasons for being a Single Land Taxer would be of any assistance to your board in arriving at a conclusion as to why California land holdings are growing larger, instead of smaller, I would cheerfully give them, based on my own experience. Truly yours
JOHN ROTH.

EVERY WOMAN CAN HELP NEXT LIBERTY LOAN

Woman's Committee for Twelfth Federal Reserve District to Form an Organization

By MRS. A. S. BALDWIN
(Chairman Woman's Liberty Loan Committee, Twelfth Federal Reserve District)

Now that we are actively in the war and our men are in the front line trenches; are being killed; are being gassed; are being maimed for life, it would seem that every woman in the land should be in the front ranks of the civilian workers to help the men win the war.

Each of us has her part to play, however small it may be, and whether it be great or small it is of importance that each shall perform her part to the utmost of her ability.

Some can buy Liberty Bonds, some can influence others to buy. Perhaps some can only help by conserving the use of food and clothing and by economizing in "household" expenditures, thus liberating and augmenting the essentials which must be sent "over there" for the use of our army and for the destitute civilian population of our allies.

In whatever way each woman of this Twelfth Federal Reserve District can help, let her do her utmost that we who are farthest from the front may sustain our part of the struggle, and keep for ourselves and our children the blessings and privileges we have inherited, and thus make it possible to win like blessings for the millions who are now in actual bondage.

We should not only save to help, but the great lesson to be learned also is to do now without non-essentials and to make sacrifices so that the labor which produces what we consider to be even essentials may be used to produce those things which are actually essential for the support and safety of those who are carrying the burden of this unprecedented struggle for freedom and democracy.

The aim of the Woman's Liberty Loan Committee is to form an organization which shall make the woman in every home in the land realize these conditions and her responsibility, that the message shall not reach her only from one direction, but from many, so that she shall be brought to a full realization of her responsibility.

A fine long hike was made to Grizzly Peak by the Campfire Girls and Invictus Boys of the Calvary Baptist Church yesterday under the leadership of Mr. and Mrs. E. Murphy. Lunch was packed along and enjoyed on the topmost summit of the peaks, where a magnificent breeze and view added to the glory of the day.

Those making the trip were: Lillian Johnson, Karmel Wilson, Florence Miner, Grace Piney, Irene Cook, Ruby Trivett, Lela Lilly, Lela Woods, Elizabeth Dover, Maude Odom, Pruba Odom, Ortha Rose, Bessie Hammond, Ardith Lilly, Rovilla Lang, Pearl Center, Merrill Moss, Dan Soletan, Donald Kister, Dewey Delittle, Bert Bassow, Rose Ross, Wallace Wood, Roy Stanton, Jewel Poole, Frank Aelhan and Russell Miller.

"The Sign Invisible" at T. & D. Today

Commencing today the Richmond Theater will present for two days the powerful screen play, "The Sign Invisible." This truly magnificent photoplay is another of the remarkable features for which Mr. Edgar Lewis, the Master Producer, is noted. It will be recalled that it was he who gave the world "The Barrier" and "The Sinister."

"The Sign Invisible" is from the pen of the noted author, Anthony P. Kelly, who took for his theme the punishment which is sure to follow man's defiance of the ever present and dominant powers of Providence and nature. It is a First National Exhibitor's Circuit attraction, which gives it the endorsement of a body of the most discriminating theater owners in America, who bought it in order to secure it for their own big theaters.

The story deals of the adventures of a disappointed young New York doctor among the simple people of a remote Canadian trading post. Those who enjoy the big, virile type of photoplay, the kind that is full of action and mirrors human emotions in the rough, the kind in which men make their own laws and women's love is its own justification, should not fail to see this picture, which is indeed most gripping.

The big cast includes Mitchell Lewis, Victor Sutherland, Edward F. Roseman, Mabel Julline Scott—all of whom played in "The Barrier"—Hedda Nova, William A. Williams and a number of other well known screen artists.
